Dear Reader

A very warm and heartfelt welcome to our 8th edition of school newsletter "The Enlightened". I feel incredibly honored to talk about the recent achievement of our school. With the teacher's continuous hard work and student's effort, we began the journey of wisdom of learning and of serving before self. With the 4th year of Delhi Public School our school has not only left a mark, an impact in terms of academics, but also in different fields of Art, Dance, FIT, Music and Sports. Recently, Delhi Public School, Chhatarpur had secured 2nd runner up position in the Inter Delhi Public School National Environment Festival, in PowerPoint Presentation based on Rural and Urban Development. It was a difficult challenge, but the potential of our students couldn't wait to shine.

Vaishali Singh Rajput, of grade 8B showed her talent in Sports and made our school proud with her spirit of running which enabled her to get the 3rd position in Mini Marathon conducted by Nagar Palika in Chhatarpur City.

We also have Khushi Agrawal of grade 8A who got the Gold Medal in The International Child Art Competition, she competed and won against other students from India and Abroad.

Delhi Public School is now reaching the pinnacle of its heights; the dreams are getting bigger and the power to achieve them is as touching the sky. Hence we look forward to the 5th year with a new hope of doing something ordinary in an extra ordinary way. The platform is seen and the time has started for the exciting journey of our students with our teachers. This editorial cannot be completed without appreciating our teachers and parents for their continuous support and hard work.

My DPS Chhatarpur Experience

It is a joy and privilege to study in Delhi Public School, Chhatarpur, this is because, ever since I joined the school, I have had lots of achievement to be proud of. I realized my talents in this school; the school gave me the platform to succeed. I have continually grown each day, from being strong to be tough and firm with the support of my school. The first achievement was when I received the "The Sports person of the year" in 2016-17 session. Then my team got the 2nd position in the National Comic Strip on Environment at the Inter DPS Noida Environmental Festival. With the support of the Principal and my teachers, I also got the bronze medal in the Madhya Pradesh State Level Roller Skating. Then at the 4th Annual Sports Day, I got the "Sports person of the year" award. On the 23rd of January, 2018 I won 3rd prize in the Women's Mini Marathon held in Chhatarpur. This session has been eventful for me and I am sincerely grateful to my school for giving me the platform to grow.

Sports Day

The 4th Annual Sports Day was superb as there was a big intensity among the four houses namely Panna House, Pench House, Satpura and Kanha House.

We had events such as 50m, 70m, 100m, 200m, 400m, 800m, 100m 3 legged race, Shot put, Javelin, Discus, High Jump, Long Jump, Ball Throw, Spoon race etc. At the end of the events, Panna House became the Overall Champion, meanwhile Pench House came 2nd, Satpura House came 3rd and Kanha House came 4th.

The final day of the Sport's Day was very spectacular as all students participated in at least one program. It all started with the March Past which was done by all the students and then the KG students showed their skills before other events such as Aerobic Dance, Figure Marching, Dumbbells, Torchlight Tattoo took place. All students really had so much fun in this Annual Sports Day and we can only hope that the 5th Annual Sports Day will be more fun for us.

Online Shopping

Today, online shopping is widely done all over the world, but wait, have you ever thought about the advantages and disadvantages of online? Well let's check it out...

The most important and obvious advantages of online shopping is that it saves your time, energy and fuel. A lot of time, energy and fuel is consumed when you go from one shop to another to buy your merchandise and it is even worse when you don't get the item. Buying online can be quicker and easier, with few clicks, your order will be processed and delivered smoothly. Online shopping can be done anytime and anywhere. It is difficult to find a shop that opens round the clock, but online, time is never a limitation.

If online shopping has so many advantages, you can assume that it also has its own disadvantages and one of the biggest disadvantages is that shoppers cannot see their merchandise and inspect them personally before buying, all they can see are some pictures and prices, another disadvantage is that it takes days before you can physically see your items, sometime it takes 5 to 6 days and other times it takes up to 15 days, depending on the place you reside and where the buyer resides.

In conclusion, online shopping has many advantages as well as disadvantages but as we can see the advantages outweighs the disadvantages hence, we should buy things online but we cannot depend on online shopping completely.

एंटी स्मॉग गन

वायु प्रदूषण कम करने के उद्देश्य से दिल्ली के आनंद विहार इलाके में कुछ दिनों पहले एंटी स्मॉग गन का प्रयोग हुआ था।

स्मॉग (स्मोक-फॉग) का असर कम करने के लिए पहली बार प्रयोग के तौर पर स्मॉग गन का प्रक्षेपण हुआ। इस मशीन में छोटे-छोटे छिद्रों से उच्च दबाव के जरिए पानी को हवा में ऊपर की ओर 50 से 70 मीटर तक की ऊँचाई तक ले जाया जा सकता है। जिससे हवा में मौजूद धूलकण,धुआं और पी एम 2.5 कण नीचे बैठ जाते हैं। इस मशीन से 1 घंटे में 30 से 40 किलोमीटर के इलाके को कवर किया जा सकता है। मशीन में एक बार में 12 हजार लीटर पानी भरा जा सकता है, जिससे नकली बारिश कराई जा सकती है। आमतौर पर इस तरह की मशीनों को बहुत ज्यादा प्रदूषण करने वाले उद्योगों के पास लगाया जाता है। **Ishaan Jain-4A**

The New Year

A new year has begun
January is month number one
It is the start of a whole new year
There is nothing to fear
A new year for trying
Not for sighing
If something is wrong
This year will fix it all
You need to be strong
And you'll get what you want
May the New Year bring love and joy?
You need to learn how to enjoy
Each moment of this special life
And leave behind your inner strife
For a better you
For a year that is new.

मेरा-प्यारा कैलेण्डर

हम सभी बच्चे अपनी कक्षा में बैठे-बैठे हिंदी विषय की पढ़ाई कर रहे थे। समय समाप्त होने के 5-10 मिनट पहले अचानक से हमारे विद्यालय के भइया जी हमारी कक्षा में आए उनके हाथों में काला-काला-सा कुछ दिखा जिसे देखकर हम लोगों को लगा कि वह डायरी है लेकिन जब भइयाजी उसे रखकर चले गए तो हमारी अध्यापिका ने हमें बताया कि यह डायरी नहीं कैलेण्डर है। इसके बाद उन्होंने एक-एक करके सबको कैलेण्डर बांट दिए। जब वह कैलेण्डर मेरे पास आया तो वह देखने में मुझे बहुत ही अच्छा लग रहा था और फिर जब मैंने पहले पेज पर छपी हुई तस्वीर को देखा तो उसे देखकर मुझे बहुत खुशी हुई क्योंकि उसमे मेरे साथ-साथ मेरे सारे दोस्तों, शिक्षकों और पूरे स्कूल की तस्वीर थी। उसको देखकर मेरी खुशी का कोई ठिकाना न रहा, यह एक प्रकार से बहुत ही महत्वपूर्ण और अविस्मरणीय तोहफा है, मेरे विद्यालय की ओर से मेरे लिए।

The International Child Art Competition (KSHITIJ)

After being a student in this school for the past 4 years, I have always looked for opportunities to make my school, parents and my Principal proud. Then my school presented me this painting competition, which I gladly took upon. I have practiced many paintings before now but didn't get anything for them but with the help of my teachers, every time I didn't get anything, I become even more determined. This time, I won the gold medal in an International Competition which is known as The International Child Art Competition. It was a dream come true and I know that with my determination and efforts of my teachers and opportunities being provided by my school, I can do more. I can continue to grow because I know that determination and focus will definitely open the door to success.

Togetherhness

He was with his pure soul
 With a goal
 Just in the hunt for humanity
 He didn't want Hinduism, Jainism or
 Christianity
 He desired for that world where fully
 widespread brotherhood
 No man should sleep without food
 But...
 The things fallen apart
 He got the scenario repleted with
 criticism, racism, terrorism
 No one ceased that eternal egotism
 One had the hunger of other
 No one thought of someone's father, sister
 or mother
 With the bottom of our heart
 We all should abide by one truth in our
 mind
 That we're all the savior of mankind...

The book that got me Hooked on Reading

One of the books that I fell in love with as a child was "Little House On The Prairie". I was struck by the main character, Laura, and her ability to remain strong during such firm times. Her family faced famine, wild animals, and snow storms. All the while, they make the most of what they have and value the family and friends they have surrounding them, even in the wild, new frontier they are living in. So you can see that you can learn morality from reading like, I have learn not to be egocentric when your family is in trouble but you should support them. Likewise you can read many books to get inspiration in your life to achieve your dreams. **Somya Richariya-8A**

Humanity Leads To Happiness

"Humanity" is a word many of us may have heard but only a few sensitive understand this word. In this era of 21st century, everyone should follow humanity or humanism. There are many people in the country who are suffering and shivering from this cold weather because they don't have enough money to purchase woolen clothes; due to this many people get sick and some even die. On one hand, we have people who are moneyless, who are unprivileged and on other hand, we have people who are very rich but they don't understand the conditions of the poor. This is cruelty. Before a Police Officer, Doctor, Engineer, Teacher, first we are humans because in the words of Charlie Chaplin "we think too much and feel too little, more than machinery we need humanity; more than cleverness we need kindness without these qualities, life will be violent and all will be lost. **Shikhar Mishra-9A**

Power of Meditation

In the present Era, everyone wants to live free and fit. All want that they can focus on their work without any distraction. And this can be only possible through Meditation. Meditation is the source which can brings physical as well as mental changes in the body. Through these changes, we can increase the focus of our mind and fitness of our body. It can make us determine by itself. In the history of Mahabharat, it is written "Focus is essential to complete the task." As Arjuna has focused on the eye of bird and so he was able to shoot the arrow on his aim. Focus and determination are the only sources through which one achieves the goal and it is only possible through the power of Meditation. Power of Meditation is the best way to overcome the inconvenient situation with free mind.
